Overview

In collaboration with its national and international partners, Innov'COM Laboratory (SUP'Com Tunisia) is organizing the Innov'School of Network of Things IS-NoT'2018 event. Speakers from research laboratories in the most prestigious European and North American universities and from Industry pioneers in Network of Things technologies are joining us in this special event. The 2018 edition of this school, is co-sponsored by industrials and scheduled for the 28th and 29th of April 2018 in Tunis Ramada Plaza - Gammarth Hotel.

The IS-NoT'2018 event addresses the real opportunity for the Network of Things, it explores groundbreaking Network of Things technologies and solutions that researchers and industrials can nowadays use to increase productivity and bring on new revenue opportunities.

The event will include three main sessions: four talks, two workshops, industrial/poster session, which focus on the latest and most important innovative areas, and highlight the NoT solutions and strategies that will most likely result in thriving success.

Furthermore, IS-NoT'2018 event encourages researchers to present innovative ideas in the poster session. Certifications will be offered to all accepted papers and awards to the three best presented posters.

Call for papers

IS-NOT 2018 invites original, unpublished short paper submissions. Submitted papers should not exceed two pages (including figures, tables, and bibliography) in a standard IEEE two-column format. Authors should clearly explain the significance of the work, highlight novel features and describe its current status. All submissions should be made electronically through the IS-NOT 2018 website.

Upon acceptance by the scientific committee, the author(s) will prepare a poster of the paper in time for inclusion in the proceedings, and present it in the poster session. Furthermore, Certifications will be offered to all presented posters and may be used as an evidence for a scientific contribution in any academic requirements.

Please note there are a limited number of poster boards available! Your prompt submission is highly recommended. Awards are delivered to the three best rated posters!
